RE: Request for Qualifications and Proposals for Engineering Services, Forest Park Road, Phase III Project

I am requesting authorization to solicit qualifications and proposals for Engineering Services for Forest Park Road, Phase 3 Project. The work will involve the replacement of the existing cast iron water main and roadway reconstruction. Funds for construction will be sought in the FY-2022 budget. Request for engineering services funds are in the current FY-2021 budget and work would not be awarded until approved by the Council.

I would appreciate it if you would place this request on the October 6, 2020, City Council meeting agenda.
