

AGENDA 6h

DATE 10.6.2020

Internal Memo

To: James R. Murphy – Public Works Director

From: Matt Anderson – Water & Sewer Superintendent *MA*

Date: September 29, 2020

Re: Request to Bid Water Service Materials

Water service materials including copper tubing, curb stops and boxes, corporation stops, and miscellaneous fittings are needed for upcoming water service installations.

Funds have been appropriated in the FY-2021 budget for the purchase of these materials.

I am requesting that you seek authorization from the City Council to solicit bids for water service materials at the October 6, 2020 meeting.
