

AGENDA 7c
DATE 8-5-19
Internal Memo

TO: Mark C. Meyers, City Administrator
FROM: James R. Murphy, City Engineer 
RE: Request for Qualifications and Proposals for Engineering Services, Seminole Road Reconstruction

I am requesting authorization to solicit qualifications and proposals for Engineering Services for the reconstruction of Seminole Road from Henry Street to Seaway Drive (including water main replacement and place plan project) per our MDOT Grant Award for work in FY-2021 and 2022. Request for design funds in are in the current FY-20 budget.

Because of the unique scheduling requirements for MDOT letting process, it is our desire to start the design of this project in FY-20 so that the design work can be completed for early bids in 2021 for phase one work.

I would appreciate it if you would place this request on the August 5, 2019 City Council meeting agenda.
